Skills

- » Adobe Creative Suite
- » Figma
- » Collaboration
- » Typography
- » Layout design

Achievements

- » Salt Company Leader
- » Dean's List
- » AIT Honor Graduate
- » Selected for Boys State

Profile

Driven graphic design student at Iowa State University with a focus on UX design. Skilled in Adobe Creative Suite, Figma, and typography, creating designs that balance creativity and usability. Background as a helicopter mechanic adds precision and problem-solving skills I bring to design projects.

Experience

US Army

CH-47F Mechanic

Jul 2021-Present

- Maintained CH-47F Chinooks, honing precision and problem-solving skills.
- Graduated with honors from Army AIT, demonstrating discipline and teamwork.

Ames National Laboratory

Internship

Summer of 2025

- Designed evacuation maps for nine buildings using Adobe Illustrator and Photoshop.
- Collaborated with departments to create clear, user-friendly visuals.

HNI

Apprenticeship

Apr 2022-Aug 2023

- Performed maintenance and repairs on factory machines, fixtures, and safety systems.
- Developed technical skills in MIG welding, conveyors, hydraulics, and troubleshooting.

Education

Bachelor of Fine Arts in Graphic Design

Iowa State University (Junior)

2023-2027

GPA: 3.8/4
